

Invitation to the third workshop of the Nordic Network for Health Policy, Health Management, and Health Services Research

13-14 May, 2019 in Uppsala, Sweden

The Nordic network for Health Policy, Health Management, and Health Services Research now arranges its third workshop. We invite all papers addressing topics related to health policy, health management, and health services from a Nordic perspective. A focus on Nordic health systems is particularly relevant due to the increasing importance of health to national and international politics, and the many recent policy initiatives and reforms changing the outline of healthcare services in the Nordic countries. Through this network, we can share experiences and broaden our knowledge base on health policy, management and organization from a Nordic perspective.

Deadline for abstracts is 15 February, 2019. Please send your abstract (max. 300 words) to: ulrika.winblad@pubcare.uu.se. Accepted papers will be announced 1 March, and **full papers are to be submitted 2 May**. Each paper will be discussed during the workshop and a discussant will be appointed.

Register at the workshop website: <https://www.pubcare.uu.se/research/hsr/nordichealth2019/>
Last day for registration is 15 April. You may register for the workshop without presenting a paper.

If you have questions, please send an e-mail to: anna.hallberg@pubcare.uu.se

Place: Psykiatrins hus (Uppsala University Hospital, entrance 10), Uppsala.

Time: The workshop starts at 12:30 Monday 13 May (with a light lunch served from 11:30) and will end at 15:00, Tuesday 14 May.

Cost: 1500 SEK (excluding VAT) includes access to sessions, lunch, refreshments, and a conference dinner.

The program committee for the Nordic meeting:

Ilmo Keskimäki, National Institute for Health and Welfare, Helsinki

Pål E. Martinussen, Department of Sociology and Political Science, Norwegian University of Science and Technology

Sigrún Ólafsdóttir, Department of Social and Human Sciences, University of Iceland

Karsten Vrangbæk, Department of Political Science / Department of Public Health, University of Copenhagen

Ulrika Winblad, Department of Public Health and Caring Sciences, Uppsala University
